

**Central Regional Education Association (CREA) and STOPit Solutions offer your district Anonymous Reporting, E-Therapy Treatment, Digital Mental Health & SEL Center, and other Support Resources to help create safer, healthier school communities in North Dakota.**

### How the Anonymous Reporting System Works:

**Step 1:**  
Observe & Submit

Individual observes an incident or concern and submits it using the STOPit app, website, or telephone hotline

**Step 2:**  
Monitor & Escalate

STOPit 24/7/365 Incident Response Center monitors and escalates life threatening incidents to school officials and law enforcement (as needed)

**Step 3:**  
Manage & Resolve

School officials receive and act upon the incident using the STOPit admin app and/or web-based Incident Management System

STOPit provides comprehensive onboarding for program administrators AND training for students and staff on how to recognize safety, misconduct, and/or compliance concerns and how to use the STOPit Anonymous Reporting System.

### How your District Will Benefit

- +** **Create safer, healthier school environment** and culture for better learning ... and, at an extreme, to save lives
- +** **Over time, create “upstanders”** versus “bystanders” who take action to help their fellow student, staffer and administrator
- +** **Build social and emotional skills** as well as reinforce compliance amongst students and staff of relevant, timely issues and concerns

## What's Included:

- ✓ **Anonymous Reporting System (ARS):** Anonymously report safety, misconduct, or other concerns to help others or oneself through mobile platform, web, or hotline. Assigned team members can gather information in real-time with STOPit Messenger (2-way anonymous chat).
- ✓ **24/7/365 Incident Response Center (IRC):** Our in-house Incident Response Specialists monitor and manage both life threat and non-life threatening incidents. Our team immediately escalates life threatening concerns to predefined emergency resources.
- ✓ **Crisis Text Line (CTL):** Students have 24/7/365 access to crisis counselors who are trained to move those in crisis from a hot to a cool place. CTL is integrated directly into the STOPit app and accessible from anywhere in the United States, anytime.
- ✓ **Out of Hours Incident Management (OOH):** STOPit's Out-Of-Hours service allows individuals to rest easy knowing all incidents are reviewed, fully vetted, and acted upon (if necessary) by certified specialists over evenings, weekends, holidays, and other out-of-business hours.
- ✓ **E-Therapy Assessment & Treatment:** Compliment existing counseling services or add starter packages to include 10 teletherapy cases (students) with 5 sessions each from licensed professionals to support your staff and students
- ✓ **HELPme:** Connect students and their families to local support services and resources all in one place; includes pre-loaded state and federal resources as well as Building Neuroresilience Curriculum and Training
